It is always a challenge for charitable organizations to continue within a limited budget. It is becoming more challenging for us as a small local charity to fundraise. The cost of camp is rising, your support is crucial in assisting us in our efforts to put a smile on children's faces through providing a fun-filled summer holiday experience.

You can help the children of Stevenson Children's Camp.

Your attendance or donation makes a welcome difference in the lives of our children and their families.

Share the Stevenson Children's Camp story with your families and friends – help change a child's life.

Stevenson Children's Camp has been providing a fun-filled camp experience for over 50 years.

What makes us unique?

- 100 % of our camping spots are offered to underprivileged children ages 7 to 10
- 95 % of the child's fee is subsidized. The most they pay is \$15.00
- The difference we make in a child's life by providing a positive, memorable and fun-filled summer experience away from the stresses of everyday life
- The community support and partnerships that facilitate our ability to provide a quality program while keeping the cost per camper approximately \$290.00.

The Families we support say it best - Quotes from our parent/camper surveys

- It is an experience my daughter will always remember. It has given her an ability to grow and express herself in a completely different way; it increased my child's self confidence.
- We are living in difficult circumstances right now and it was a wonderful chance for my daughter to just have fun.
- My son was so happy when he got home. He is usually so quiet but he couldn't stop talking about camp.
- It gave me a chance to look for a job without having to pay for childcare.
- Our family cannot afford vacations but I want my children to have the opportunities that other kids have. You made that happen!
- With both of us working we still struggle to make ends meet. The kids got a holiday and it helped us not worry for a week.
